Helsinki Golf Club (HGK), also called Tali, is the oldest and most prestigious golf course in Finland, founded in 1932.

Located in the beautiful old park of Tali manor, the course is situated only 8 km from the center of Helsinki.

HGK has hosted more championships than any other club in Finland. For the last seven years it has also hosted a Ladies European Tour competition.

The clubhouse in empire-style is from the 19th century and it has a pleasant restaurant with a terrace overlooking the 18th green.

The course is pleasant and easy to play but hard to score.
